

### UNIQUE FEATURES

- Enhances root growth from naturally derived auxins
- Thickens cell walls for stronger turfgrass defense systems
- Increases antioxidant levels to help turf cope with stress
- Contains MP SHIELD for increased water retention in treated soils
- Owned, developed and manufactured in Australia

### FOLIAR USE

While foliar biostimulants are extremely useful for turfgrass, KELPLUS is formulated specifically for soil use. VITALISE is the MATCHplay product for preconditioning turfgrass with foliar applied nutrition. While KELPLUS is safe to apply to turf foliage, it's powerful ingredients are most useful when washed lightly into the soil after application or alternatively mixed with irrigation water.

### SOIL APPLICATION

When applied as a drench or when lightly watered into the turf root zone, KELPLUS supplies naturally derived plant hormones for increased root growth, thicker cell walls and increased antioxidants for better stress management. KELPLUS also contains MP SHIELD for increased water retention to further condition the soil environment for healthy turf. The combined benefits of KELPLUS help develop a turf sward that is more resistant to damaging turf pests such as nematodes, soil born insects and turf diseases.

### DIRECTIONS FOR USE

SITUATION	RATE	REPEAT	COMMENTS
Greens and fine turf, Fairways, Sportsturf, lawns and landscape.	20 – 40 Litres / ha	Monthly – to maximise the cumulative treatment benefits	Apply at least one month in advance of expected turfgrass stress and maintain the frequency of application throughout stress conditions. Apply in 400-800L of water. Wash gently into the root zone within 24 hours of application to limit the potential for degradation from sunlight.

### STATEMENT OF CONTENTS

This product contains a minimum of 80% Ascophyllum nodosum seaweed solution (containing naturally derived substances of L-form amino acids (low molecular weight), humates, stabilisers and spreaders), 20% MP SHIELD.

### CAUTION

KELPLUS is classified as non-toxic. However normal precautions should be taken. If eye or skin contact occurs, wash affected area with plenty of water.

### WARRANTY & DISCLAIMER

This product conforms to and is reasonably fit for the purpose referred to on the label provided it is used strictly in accordance with the directions for use. The Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions herewith. The timing and method of application, weather, watering practises, nature of soil, disease problems, condition of turf, incompatibility with other chemicals not specifically recommended, and other influencing factors in the use or effectiveness of this product are beyond the control of the seller or manufacturer. NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE.
