

36-3-9 70% UMAXX®

Water soluble fertilizer for tees and fairways.

Product Features

- 70% of the nitrogen is from UMAXX® stabilized nitrogen. UMAXX contains two inhibitors that reduce nitrogen loss to ammonia volatilization and nitrate leaching.
- 7% of the nitrogen is in a quick-release form from potassium nitrate.
- 100% of the potassium from potassium nitrate.

Turf Benefits

- According to research, at least 30 percent of the nitrogen from urea can be lost to the atmosphere through volatilization within days of application.
- Urease inhibitor in combination with the nitrification inhibitor in UMAXX urea significantly increases nitrogen absorption by turfgrass to provide uniform growth, deep root mass and consistent colour intensity over 12 to 16 weeks.
- Iron provides deep green colour without excessive top growth.

Guaranteed Minimum Analysis

		%
Total Nitrogen	(N)	36.0
Ammoniacal Nitrogen	(N)	0.6
Nitrate Nitrogen	(N)	2.6
Urea Nitrogen*	(N)	32.8
Available Phosphoric Acid	(P ₂ O ₅)	3.0
Water Soluble Potash	(K ₂ O)	9.0
Chelated Iron	(Fe) (actual)	0.25
Chelating Agent E.D.T.A.		1.3

* 25.2% Stabilized Nitrogen from UMAXX®

Application Rates

Bag kg (lb)	Area Covered m ² (ft ²)	Nutrients supplied kg/100 m ² (lb/1000 ft ²)			Product application rate dissolved in 8 - 10 litres of water. kg/100 ² m ² (lb/1000 ft ²)
		N	P ₂ O ₅	K ₂ O	
15 (33)	3570 (39 285)	0.15 (0.30)	0.015 (0.03)	0.04 (0.08)	0.42 (0.84) for fairways
	2140 (23 570)	0.25 (0.50)	0.02 (0.04)	0.06 (0.13)	0.70 (1.4) for fairways

* Lightly irrigate after treatment.

Precautionary Statements

Keep Out Of Reach of Children

Avoid contact with skin and eyes. Always do proper personal protection. We recommend long sleeve shirt, long pants, goggles and natural or butyl gloves when handling the fertilizer. Wash thoroughly after handling.

Avoid contaminating water ways

Precautions: Observe all precautions on label and read material safety data sheet before use. Avoid contaminating waterways and sewers during cleaning of equipment or disposal of wastes, always adhering to applicable provisions of federal, provincial, and local laws and regulations.

FIRST AID: In case of contact, immediately wash skin with soap and plenty of water. Remove contaminated clothing. Wash clothing before reuse. In case of contact with eyes, flush eyes with plenty of water for at least 15 minutes. Call a physician if symptoms occur after contact with skin or eyes.

INGESTION: If swallowed, drink 1 or 2 glasses of water. Immediately call a physician or a Poison Control Center and follow their advice. Do not induce vomiting or give anything by mouth to an unconscious person.
