## APPLICATIONS

Lake Colorant WSP® is a concentrated blend of dry-flowable colorants in easy-to-use, pre-measured Water Soluble Packets (WSP). Lake Colorant WSP conveniently transforms pale, dirty, off-colored water into natural blue. Lake Colorant WSP may be used to color ornamental lakes, ponds, fisheries, fountains and other contained bodies of water. Water treated with Lake Colorant WSP may be used for irrigation, but not for direct human consumption. Swimming and other recreational sports are approved during and following use of this product. Fish, waterfowl or animals are not harmed by normal use of this product.

## DIRECTIONS

Determine the volume of water to be treated and consult the Suggested Use Rates chart, to determine the number of WSPs to use. One WSP is suggested for each acre foot\* of water. If a darker or lighter color is desired, vary the rate accordingly. Toss or drop the correct number of packets into the water. Evenly spaced packets aid in quicker, more even coverage.

AREA TO BE TREATED	METRIC CONVERSION	RATE OF PACKETS
1 acre foot*	1234 m <sup>3</sup>	1 WSP
2 acre feet*	4934 m <sup>3</sup>	4 WSP
8 acre feet*	9868 m <sup>3</sup>	8 WSP

\*1 acre foot = 1 acre, 1 foot deep

\*1 acre foot = 208 ft x 208 ft x 1 ft

\*1 acre foot = 325.851 gallons or 1231717 liters

## SPECIAL INSTRUCTIONS

### DO NOT FREEZE.

Store in cool, dry area above 40°F / 4°C. Water soluble film may become brittle at colder temperatures. Always protect the Water Soluble Packet from exposure to moisture or high humidity. Do not handle the WSPs with wet hands. Reseal the protective outer bags immediately after the packets are removed.

## KEEP OUT OF REACH OF CHILDREN

Avoid contact with eyes and skin. See Material Safety Data Sheet for additional information.

## SAFETY/ENVIRONMENTAL DATA

This product has undergone strict environmental testing at an independent laboratory. All tests were conducted in accordance with US Environmental Protection Agency (USEPA) good laboratory regulations as promulgated by the Federal Insecticide, Fungicide, Rodenticide Act (40 CFR, Part 160).

## STORAGE AND DISPOSAL

Keep from freezing. If product is frozen, it could become brittle. Always reseal the outer bag after inner packets are removed. Dispose of residue, container and rinsate according to local, state, and federal laws.

## NOTICE

The statements on this label are believed to be true and accurate, but because use conditions are beyond our control, Becker Underwood, Inc., does not make, nor does it authorize any agent or representative to make any oral or written warranty, guarantee or representation, express or implied, concerning this material or the use thereof beyond the statements on this label. Becker Underwood does not claim, nor are any representatives authorized to claim, that this product has any herbicidal or algacidal properties or controls weeds in any manner or fashion. Neither Becker Underwood, Inc., nor the seller shall be held responsible in any manner for any claim, personal injury, property damage or loss resulting from handling, storage or use of this material not in accordance with the written directions. The buyer assumes all risk and liability resulting from handling, storage or use, and purchaser accepts and uses this material on these conditions. No other warranty exists.
