QUALITY TURF

## MP All Season

### Controlled Release

**20-0-16 + Fe + Mn**  
100% of N as slow release  
SGN 120

**MP All Season** is a unique well balanced combination of methylene urea and IBDU and potassium to provide nutrition for up to 10 weeks. Trace elements manganese and iron provide consistent growth and colour.

Apply **MP All Season** throughout the year for sustained turf growth.
