

# MP Charger 9-0-13

CEC Maintenance Fertiliser

+ 10 Ca + 1.5 Mg + 11 Si  
 Slow release N as MU (71%)  
 SGN 100

MP Charger is a balanced slow release fertiliser with high analysis calcium and magnesium. Use in turf situations to provide available calcium and magnesium at a balanced ratio to slow release nitrogen.

Apply MP Charger throughout the growing season for soil cation adjustments and steady turf growth and to maintain balanced soil chemistry.

### Guaranteed Analysis

9.1%	Nitrogen (N) Total	7.5%	Sulphur (S)
	2.6% as nitrate	10.0%	Calcium (Ca)
	6.5% as slow release MU	1.2%	Magnesium (Mg)
0.0%	Phosphorous (P) Total	11.0%	Silicon (Si)
12.7%	Potassium (K) Total	0.8%	Iron (Fe)
	5% as Sulphate
