

MP LANDSCAPE SPECIAL 18-1-8 + Traces

Controlled release NPK + Traces 2-2.5mm Granule

- Horticultural fertiliser with up to 6 months nutrient longevity
- Controlled Release fertiliser technology
- Polymer coated Nitrogen (N), Phosphorus (P), Potassium (K) & Sulphur (S)
- Delivers balanced feeding for stronger, well nourished plants

TECHNOLOGY

MP LANDSCAPE SPECIAL is a horticultural fertiliser with controlled release NPK + Traces. Consisting of 60% DURATION CR® fertiliser technology, nutrients are released gradually throughout the plant's growth cycle, resulting in precise, predictable feeding that lasts for months. Nutrient delivery is achieved by the advanced generation polymer-coating. The key to the steady release is the application of a micro-thin membrane that completely coats the fertiliser prill. Water passes through the polymer membrane, dissolving the nutrients inside and creates pressure which releases the nutrients through the polymer membrane at a controlled rate, ensuring that only the prescribed amount of nutrient is delivered. Only temperature influences the release rate so you don't have to worry about microbial activity or excessive moisture.

Application Rates

Container Nursery Stock

Light Feeding 1g / L Normal Feeding 2g / L Heavy Feeding 3g / L

Apply max. 5-6 grams on one spot. For bigger pots/containers, divide the product. Do not leave unused product in applicators. Rates need adjustment for specific growing media compositions (bark), plant species and cultivation system. For complete feeding of longer crops, additional feeding with MP Landscape Special is recommended. Contact your distributor for more detailed advice.

USE PATTERNS

MP LANDSCAPE SPECIAL can be applied as a maintenance fertiliser throughout the year.

Apply at 1-3 grams/Litre for maintenance feeding.

Apply at 5-6kg per 100m² for garden beds.

GUARANTEED ANALYSIS

Total	%
Nitrogen (N)	18
Urea Nitrogen	14
Nitrate Nitrogen	4
Available Phosphate (P)	1
Soluble Potash (K)	8
Calcium (Ca)	4.8
Magnesium (Mg)	2.2
Sulphur (S)*	3.4
Boron (B)	0.05
Iron (Fe)	1
Manganese (Mn)	0.12
Zinc (Zn)	0.11

Apply irrigation after application. Always reseal bags after use. NOTICE: This product contains iron which may stain concrete and other surfaces. Product applied to these surfaces should be promptly removed by sweeping or blowing. DO NOT WASH OFF WITH WATER.

*The spreader settings are close approximations. Trial calibration is recommended before wide spread use.
